Cardinal Health™ DEVON™ Operating Room (OR) Positioners are made of a lightweight foam — designed to maintain their shape during a surgical procedure.

Head cradles *(Not made with natural rubber latex)*

Item No.	FP-HEADSF
Description	Head frame foam positioner with soft layer
Nominal dimensions	11 L x 10 W x 6 H in.
Packaging configuration	28 ea/cs; this product is in compressed packaging

Item No.	FP-HEADFR
Description	Head frame foam positioner
Nominal dimensions	10 L x 11 W x 6 H in.
Packaging configuration	28 ea/cs; this product is in compressed packaging

Item No.	FP-HEADSL
Description	Slotted head cradle foam positioner
Nominal dimensions	8 L x 8.5 W x 4 H in.
Packaging configuration	24 ea/cs

Item No.	FP-HEADC
Description	Head cradle frame foam positioner
Nominal dimensions	7 L x 6.5 W x 3.5 H in.
Packaging configuration	24 ea/cs

Item No.	FP-HEADCR
Description	Head cradle foam positioner
Nominal dimensions	9 L x 8 W x 4 H in.
Packaging configuration	24 ea/cs

Head donuts *(Not made with natural rubber latex)*

Item No.	FP-HEAD9
Description	Head donut 9 in. foam positioner
Nominal dimensions	9 OD x 2 H in.
Packaging configuration	36 ea/cs

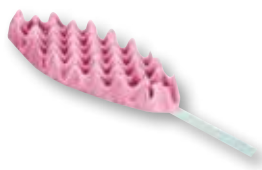

Item No.	FP-HEAD7
Description	Head donut 7 in. foam positioner
Nominal dimensions	7 OD x 2 H in.
Packaging configuration	72 ea/cs

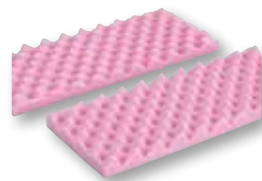

Item No.	FP-HEADM
Description	Head donut multiple ring foam positioner
Nominal dimensions	9 OD x 2 H in.
Packaging configuration	36 ea/cs

Patient positioning products are used to redistribute pressure, especially from bony areas of the body, while providing protection and comfort.¹ Appropriate positioning... equipment and devices contribute to patient safety and assist in providing adequate exposure of the surgical site.²

Arm and leg positioners *(Not made with natural rubber latex)*

Item No.	FP-UN1
Description	Ulnar nerve convoluted foam positioner with strap
Nominal dimensions	15 L x 6 W x 1.5 H in.
Packaging configuration	36 pr/cs

Item No.	FP-ARMB1
Description	Intravenous armboard foam positioner
Nominal dimensions	20 L x 8 W x 2 H in.
Packaging configuration	12 pr/cs

Item No.	FP-LARMC
Description	Laminectomy arm cradle foam positioner
Nominal dimensions	24 L x 5 W x 3 H in.
Packaging configuration	12 pr/cs

Item No.	FP-HEEL1
Description	Heel convoluted foam positioner
Packaging configuration	36 pr/cs

Item No.	FP-ARTKNEE
Description	Arthroscopic knee foam positioner
Nominal dimensions	10.5 L x 11.5 W x 3 H in.
Packaging configuration	10 ea/cs

Item No.	FP-LEGCRDL
Description	Leg cradle foam positioner
Nominal dimensions	16 L x 12.5 W x 9 H in.
Packaging configuration	12 ea/cs; this product is in compressed packaging

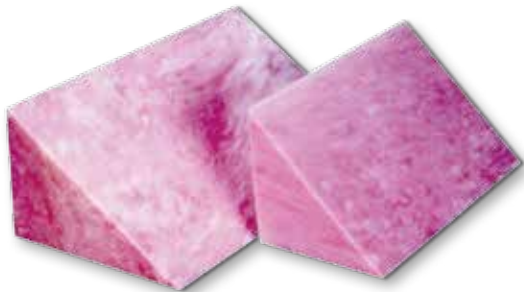

Item No.	FP-ARTLEG
Description	Arthroscopic leg well foam positioner
Packaging configuration	18 ea/cs; this product is in compressed packaging

Body aligners (Not made with natural rubber latex)

Item No.	FP-BAW1
Description	Body alignment wedge foam positioner
Nominal dimensions	22 L x 12 W x 9 H in.; 30 degree incline
Packaging configuration	8 ea/cs; this product is in compressed packaging

Item No.	FP-BAW2
Description	Body alignment wedge foam positioner
Nominal dimensions	18 L x 8 W x 8 H in.; 45 degree incline
Packaging configuration	8 ea/cs

Item No.	FP-ABDUCTL
Description	Large abduction pillow foam positioner
Nominal dimensions	25 L x 18 W x 6 H in.
Packaging configuration	6 ea/cs; this product is in compressed packaging

Item No.	FP-ABDUCTM
Description	Medium abduction pillow foam positioner
Nominal dimensions	22 L x 15 W x 6 H in.
Packaging configuration	6 ea/cs; this product is in compressed packaging

Item No.	FP-ABDUCTS
Description	Small abduction pillow foam positioner
Nominal dimensions	18 L x 12 W x 6 H in.
Packaging configuration	6 ea/cs

Item No.	FP-CHEST
Description	Chest roll foam positioner
Nominal dimensions	5 OD x 17 L in.
Packaging configuration	6 pr/cs

Item No.	FP-POLE
Description	Pole protector
Nominal dimensions	9 L x 1.75 ID x 3.75 OD in.
Packaging configuration	36 ea/cs

Be sure your patients have comfortable support and premium protection with convoluted foam wheelchair pads, overlays and table pads.

Mattress pads and overlays (Not made with natural rubber latex)

Item No.	FP-OVER2
Description	Mattress pad convoluted foam with 2 in. base
Nominal dimensions	73 L x 32 W x 2 H in.
Packaging configuration	12 ea/cs

Item No.	FP-OVER3
Description	Mattress overlay with 3 in. base
Nominal dimensions	73 L x 32 W x 3 H in.
Packaging configuration	8 ea/cs

Item No.	FP-OVER4
Description	Mattress pad convoluted foam with 4 in. base
Nominal dimensions	73 L x 32 W x 4 H in.
Packaging configuration	6 ea/cs

Item No.	FP-WHLCHR
Description	Wheelchair pad convoluted foam
Nominal dimensions	18 L x 16 W x 4 H in.
Packaging configuration	12 ea/cs

Item No.	FP-OVER1
Description	Utility pad convoluted foam
Nominal dimensions	20 L x 12 W x 2 H in.
Packaging configuration	12 pr/cs

Item No.	FP-ORTBL2
Description	OR table pad convoluted foam
Nominal dimensions	72 L x 20 W x 2 H in.
Packaging configuration	12 ea/cs

Item No.	FP-PAD12
Description	Foam positioning pad
Nominal dimensions	12 L x 12 W x 1 H in.
Packaging configuration	24 ea/cs

Item No.	FP-PAD12BP
Description	Foam positioning pad bulk pack*
Nominal dimensions	12 L x 12 W x 1 H in.
Packaging configuration	36 ea/bg

* The bulk pack does not include individually wrapped product.
All 36 pads come in one polybag.

Cardinal Health™ DEVON™ Procedural Kits are designed for specific OR tables and procedures. Each kit provides all necessary components in one convenient and compact package.

Procedural kits

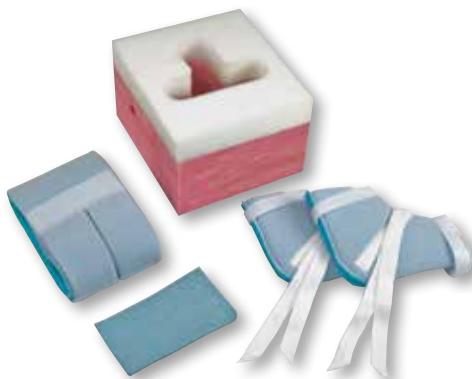

Item No.	FP-JKSN
Description	Jackson table kit
Components	1 soft-touch headrest pillow 1 chest pillow 1 pair arm cradles 4 hip and thigh pad covers
Packaging configuration	6 ea/cs

Item No.	FP-JKSNHR
Description	Jackson table kit — no headrest
Packaging configuration	6 ea/cs

Item No.	FP-ANDRWS
Description	Andrews table kit
Components	1 soft-touch headrest pillow 1 chest pillow 1 thigh strap 1 pair arm cradles 1 seat drape cover 1 pair heel cup protectors
Packaging configuration	6 ea/cs

Item No.	FP-ANDFRM
Description	Andrews frame kit
Components	1 soft-touch headrest pillow 1 thigh strap 1 seat drape cover 1 pair heel cup protectors
Packaging configuration	3 ea/cs

Item No.	FP-KNEEPOS
Description	Knee positioning kit
Components	1 arthroscopic well leg holder 1 arthroscopic knee holder
Packaging configuration	10 ea/cs

Procedural kits

Item No.	FP-SCHLEIN
Description	Schlein beach chair kit
Components	1 back support pad 1 torso support strap 1 chin strap 1 optional padding for patient's head 1 head support 1 arm support strap 1 forehead strap

Packaging configuration	6 ea/cs

These OASIS™ Gel Positioners provide both pressure relief and patient positioning.

Reusable OR gel positioners – head and neck

Item No.	50003141
Description	Prone head rest, adult
Nominal dimensions	11 L x 9 W x 6 H in.
Packaging configuration	1 ea/cs

Item No.	50003151
Description	Supine head rest, adult
Nominal dimensions	10.75 L x 9.25 W x 3.5 H in.
Packaging configuration	1 ea/cs

Item No.	50003012
Description	Closed head ring, adult
Nominal dimensions	8 L x 2 H in.
Packaging configuration	1 ea/cs

Item No.	50003011*
Description	Closed head ring, infant and adolescent
Nominal dimensions	5.5 L x 1.5 H in.
Packaging configuration	1 ea/cs

*Specific for infant and adolescent use only

Item No.	50003022
Description	Open head ring, adult
Nominal dimensions	8 L x 2 W in.
Packaging configuration	1 ea/cs

Item No.	50003021
Description	Open head ring, adolescent
Nominal dimensions	5.5 L x 1.5 H in.
Packaging configuration	1 ea/cs

Reusable OR gel positioners – arm

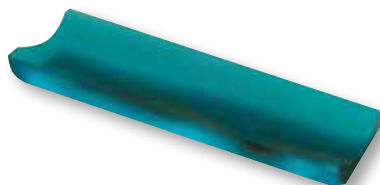

Item No.	50008070
Description	Armboard pads, infant/adolescent/adult
Nominal dimensions	15.5 L x 4.5 W x 0.5 Thick in.
Packaging configuration	1 ea/cs

Item No.	50008071
Description	Armboard pads, infant/adolescent/adult
Nominal dimensions	23.5 L x 8 W x 0.5 Thick in.
Packaging configuration	1 ea/cs

Item No.	50008061
Description	Ulnar/brachial nerve protector, adolescent/adult
Nominal dimensions	18 L x 8.25 W x 0.25 Thick in.
Packaging configuration	1 ea/cs

Item No.	50008101
Description	Contoured knee/arm pad
Nominal dimensions	20 L x 6 W x 1.5 Thick in.
Packaging configuration	1 ea/cs

Reusable OR gel positioners – leg and knee

Item No. 50008091

Description	Crutch stirrup pads, adolescent/adult
Nominal dimensions	15.5 L x 9.5 W x 0.5 Thick in.
Packaging configuration	1 pr/cs

Item No. 50008092

Description	Crutch stirrup pads, adolescent/adult
Nominal dimensions	20.5 L x 12 W x 0.5 Thick in.
Packaging configuration	1 pr/cs

Item No. 50008130

Description	Heel pads, adolescent
Nominal dimensions	7 L x 4 W x 2.75 H in.
Packaging configuration	1 pr/cs

Item No. 50008200

Description	Heel and ankle protector, adolescent/adult
Nominal dimensions	10 L x 4.75 W x 0.5 Thick in.
Packaging configuration	1 pr/cs

Item No. 50003800

Description	Lateral leg positioner
Nominal dimensions	23.5 L x 8 W x 0.5 Thick in.
Packaging configuration	1 ea/cs

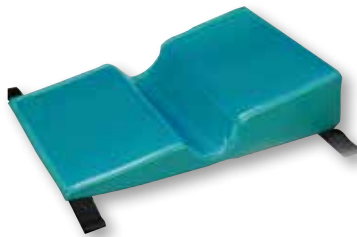

Reusable OR gel positioners – body

Item No. 50003210*

Description	Dome positioner
Nominal dimensions	14 L x 6 W x 3 H in.
Packaging configuration	1 ea/cs

*Specific adolescent use only for prone position

Item No. 50003900*

Description	Lateral positioner
Nominal dimensions	28 L x 20 W x 6.5 H in.
Packaging configuration	1 ea/cs

*Specific adolescent use only for lateral position

Item No. 50008209*

Description	Flat bottom chest roll, infant
Nominal dimensions	8 L x 3 W x 2 H in.
Packaging configuration	1 ea/cs

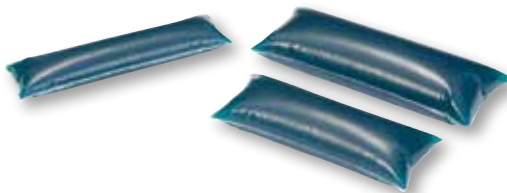

Item No. 50008211

Description	Flat bottom chest roll, adult
Nominal dimensions	12 L x 3.75 W x 3 H in.
Packaging configuration	1 ea/cs

Item No. 50008213-

Description	Flat bottom chest roll, adult
Nominal dimensions	20 L x 3.5 W x 3 H in.
Packaging configuration	1 ea/cs

*Specific for pediatric use

Item No. 50008051

Description	Universal patient positioners, infant/adolescent/adult
Nominal dimensions	13 L x 2.75 W x 2 H in.
Packaging configuration	1 ea/cs

Item No. 50008052

Description	Universal patient positioners, adolescent/adult
Nominal dimensions	11.5 L x 4 W x 2.5 H in.
Packaging configuration	1 ea/cs

Item No. 50008053

Description	Universal patient positioners, adolescent/adult
Nominal dimensions	20 L x 3.5 W x 3 H in.
Packaging configuration	1 ea/cs

Reusable OR gel positioners – body

Item No.	50009300*
Description	Sacral protector, small
Nominal dimensions	15.75 L x 15 W x 1 Thick in.
Packaging configuration	1 ea/cs

Item No.	50009301
Description	Sacral protector, large
Nominal dimensions	17.75 L x 17.5 W x 1 Thick in.
Packaging configuration	1 ea/cs

Surgical positions: supine, lithotomy
*Specific adolescent use only

Item No.	50003903
Description	Prone positioner, adult
Nominal dimensions	24 L x 21 W x 5 H in.
Packaging configuration	1 ea/cs

Surgical positions: prone

Reusable OR gel positioners – table pads

Item No.	50008030
Description	Standard operating universal table pad, small
Nominal dimensions	20.5 L x 20.5 W x 0.5 Thick in.
Packaging configuration	1 ea/cs

Item No.	50008032
Description	Standard operating universal 3/4 length table pad
Nominal dimensions	71 L x 20.5 W x 0.5 Thick in.
Packaging configuration	1 ea/cs

Item No.	50008037
Description	Table pad torso section
Nominal dimensions	40 L x 20 W x 0.5 Thick in.
Packaging configuration	1 ea/cs
